The Blood of Olympus - Weebly

rest for a second Catch your breath, Jason' From her waist cord hung her cornucopia - the magic horn of plenty Tucked somewhere in the folds of her dress was her knife, Katoptris Piper didn't look dangerous, but if the need arose she could dual-wield Celestial bronze blades or shoot her enemies in the face with ripe mangoes

Suggestions from HWT

Try having the child take a breath or say the word "space" after each word to remind them to move the pencil Let child review own work to determine if there are spaces between the words Some students respond better to concrete instruction such as, "Move your pencil over before you start the next word" *See reference page for Amundson(3)
